

Mr. Heller congratulated Mrs. Johnson on the wonderful progress of the Library, praised her for the very successful management and wondered if there wasn't some way by which her salary could be increased - if there were an increase in the City's Budget so that an amount would apply to Librarian's salary and a sum also to buy new books. Mr. Duffy suggested as this came under the Dept. of Parks and Buildings - Mr. Lesher being chairman - could bring this matter before Council in Nov. when the City is considering Budget for the coming year. Mr. Hamilton suggested the Library Directors meet with Council at this time.

Mrs. Heller delightfully surprised the meeting with an Insurance Policy for \$500 Library as Beneficiary. On motion of Mr. Duffy seconded by Mrs. Johnson the Policy was accepted and vote of thanks extended Mrs. Heller.

On motion of Mr. Duffy seconded by Mrs. Brennan bills were read and ordered paid.

The next order of business was a discussion on how to assist Mrs. Johnson. The young lady who had been helping was withdrawn - Mr. Duffy said he would see Miss O'Rourke and try and have her replaced - it was also suggested getting in touch with Mr. Eugene Coleman head of Youth Recreation and see if one or two young men would give a little time acting as Monitors at the Library.

There being no further business meeting adjourned.

Mrs. F. O. Kelly
